

GUI

EXERCISES
2/15/2010

doc.qt.nokia.com

```
main {  
  setupGUI();  
  mainloop();  
}  
  
setupGUI {  
  //create objects  
  //button, widget, checkbox
```

Q_OBJECT macro to enable signal to slot

```
JPanelForm  
JFrame // = window
```

Java : rightclick → events → action → ...

```
QWidget {  
  virtual moveMouse(),  
}
```

```
class MyWidget : public QWidget {  
  moveMouse() {  
  }  
}
```

```
MyWidget * wobj = new MyWidget...
```
